Testimonials:

Marianne is a gift to the world. I am a better person because our paths have crossed and I don't know anyone that would not agree with me on that. Her knowledge of the way the brain works is only rivaled by her passion of the heart. She cares deeply about her clients and truly has their best interests in mind as she guides them on their journey. Her approach is gentle and she provides a very safe place to heal and grow. Tracy F.

Marianne showed me a new direction in my life after I lost my husband suddenly which shattered me. I lost all meaning in my life sorrow and grief embraced me and I felt so lost. When I was going through this I found Marianne. I am so grateful to my God who sent her to me. She showed me the light and helped me to live again. So grateful for everything, Meher

My child is more comfortable in himself and in his body, more aware of what's going on around him. His academic learning is developing more easily and quickly. His speech is improving as are his relationships. Celeste J
